	<ul style="list-style-type: none"> • Purely natural additives • Invisible once it is rubbed in • Useful for other animals 	<ul style="list-style-type: none"> • Naturally coloured with Tumeric therefore dye-free • Great choice for organic farms 	<ul style="list-style-type: none"> • Same properties as the white lotion • Blue food colouring added to distinguish the area sprayed for identification

DIRECTIONS OF USE Spray evenly after milking, for 4 days prior to and following calving or as needed during lactation. Please note that it is necessary to agitate this product before decanting, or use. **DO NOT APPLY DIRECTLY TO TEATS!**

FEATURES	BENEFITS
<ul style="list-style-type: none"> • NIL withholding period 	All the milk goes in the vat which means more money in the bank. Also avoids any accidents with contaminated milk ending up the vat
<ul style="list-style-type: none"> • Udder Conditioning 	Softens and Soothes udders
<ul style="list-style-type: none"> • Easy to Use 	Simply point and spray!! A small amount is applied to the udder (not teats)

CONTAINS

TEA TREE OIL is termed the “wonder oil” for its herbal properties which extend from Terpinen-4-ol, its main chemical.

ALMOND OIL is a carrier oil, rich in fatty acids which aids in softening and soothing skin.

PEPPERMINT OIL can be used externally and its presence cools, soothes and softens

SUNFLOWER OIL Rich in vitamin A, C, D and E is known to be helpful with accelerating the healing process.

TURMERIC provides a natural colouring which is perfect for organic farmers.
