

SHOOF FACT SHEET

UDDER COMFORT

“HEALTHY UDDERS CONTRIBUTE TO BOTH LOWERING SCCs, AND PRODUCING HIGHER QUALITY MILK YIELDS”

Udder Comfort is a new product astounding us at Shoof. Udder Comfort contains Tea tree oil, Peppermint oil, Almond oil and Sunflower oil which soften and soothe cow's tender udders. Many New Zealand farmers are now enjoying the benefits of Udder Comfort. Give it a try and see for yourself!

<ul style="list-style-type: none"> • Purely natural ingredients • Invisible once it is rubbed in • Useful for other animals 	<ul style="list-style-type: none"> • Naturally coloured with Turmeric therefore dye-free • Great choice for organic farms 	<ul style="list-style-type: none"> • Same properties as the white lotion • Blue food colouring added to distinguish the area sprayed for identification
--	---	---

DIRECTIONS OF USE Spray evenly after milking, for 6-8 consecutive applications prior to or following calving, or as needed during lactation. Following a cold spell, Udder Comfort can be applied for a few applications to help soften and soothe the udder. Please note that it is necessary to agitate this product before decanting, or use. **DO NOT APPLY DIRECTLY TO TEATS!**

COMMONLY KNOWN ISSUES RELATED TO UDDER HEALTH:

Blood in milk

Mastitis

Oedema

Hard quarters

FEATURES	BENEFITS
• NIL withholding period	All the milk goes in the vat which means more money in the bank. Also avoids any accidents with contaminated milk ending up in the vat
• Udder conditioning	Softens and soothes udders
• Easy to use	Simply point and spray! A small amount is applied to the udder (not teats)
