## HOOF-FIT GEL

**Shoof Code**  
330ml tub 213 782

FEATURES	BENEFITS
<ul style="list-style-type: none"><li>• Easy to apply</li></ul>	Can be applied as thinly or thickly as required (to a dry area), keeps the skin moist and no inhalation of product
<ul style="list-style-type: none"><li>• Keeps the skin moist</li></ul>	Aloe vera enriched to stop the skin from drying out, allowing healing to occur
<ul style="list-style-type: none"><li>• Can be used with/without a bandage</li></ul>	The gel leaves a thin film that remains even if the product is exposed to wet or mud. A bandage can help to keep maximum product on the skin
<ul style="list-style-type: none"><li>• Non antibiotic</li></ul>	Will aid natural healing by hardening the skin while at the same time providing the right conditions for healing
<ul style="list-style-type: none"><li>• Multi purpose</li></ul>	Can be used on any hoof ailment or skin condition, to aid healing. Use on hooves after trimming, minor skin abrasions or undefined skin conditions that are unsightly but don't interfere with animal's health

### PRODUCT INFORMATION

Hoof-fit topical gel is a highly-concentrated semi-liquid used on injured or damaged hooves, particularly of dairy cattle. Hoof-fit gel contains aloe vera plant extract. A brush is supplied for easy application to the hoof. Use the gel generously after trimming and repairing the damaged hoof. Give particular attention to the inter-digital cavity. Treatment can be repeated after 4-5 days.
