PRODUCT INFORMATION

This is one really big torch. In fact it is better called a searchlight than a torch. The thumb-operated rocker-switch turns the power on or off. The swing-down stand has two working positions. Lens is 12cm diameter and gives a range of up to 2km. Brightness 3500LM. A 240v recharging transformer is included. This torch is no lightweight, weighing in at 3kg. Battery life about 2.5 hours on a full charge. Recharge in 12 hours. Weatherproof. Use for hunting, fishing, tramping, getting the cows. No chance of missing anything with this one.
