

## DIAMOND SHARPENER...

Eze-Lap is the brand, from USA, of these fantastic knife and tool sharpeners. Developed in the early 1970's, Eze-Lap is the world leader, having a patented process to bond high quality industrial grade diamond particles in a stainless alloy onto a metal substrate. Eze-Lap quickly hones an edge on even the most difficult to sharpen stainless steel knives and tools, leaving them sharp enough to shave with. Diamond sharpeners do not need oil or water to work. All supplied with sharpening instructions.

### Pocket Hone

super-fine	213 257	\$17.95
fine	213 258	\$17.95
medium	202 015	\$17.95

Handy pocket-size sharpener extremely useful for touching-up everything from fish hooks to hand tools, hedge clippers, pruners, knives and even lawn mower blades etc. 2cm x 5cm diamond stone bonded to 15cm plastic handle.

**PRICE REDUCED**

### 1"x 3" Paddle

202 011 ~~\$27.95~~ \$24.95

The entry-level sharpener. It has a 2.5cm x 7.5cm stone on a walnut paddle. Great tool for sharpening small knives, chisels etc.

### 2"x 6" Block

202 013 ~~\$79.95~~ \$69.95

This block is to replace the old oilstone you all know so well. This one achieves an edge in half the time, and can also be used to "grind" down highly worn tools such as axes, pruners, etc. Block is 2" x 6" (5cm x 15cm) mounted on a quality walnut pedestal. This is really the way to sharpen all your tools and knives. Well worth the cost.

### Pen Style

202 014 \$16.95

Useful for honing edges on any knives, pocket knives, small tools, fish hooks, injection needles, etc., (Small groove in shaft ideal for hooks, needles etc). Also ideal for sharpening hoof knives. Diamond shaft is 6cm long. Handle reverses to make a cap.

### Retracting 4"

202 016 \$59.95

Very useful belt or pocket tool for touching-up anything from hunting knives to fish hooks. Diamond shaft inverts into machined brass handle. This model is ideal for hunter or sportsman, and comes complete with heavy duty leather belt pouch. Diamond coated shaft is 9cm long x 6mm dia.

## KNIFE SHARPENER...

### Steel

rabbiter	204 154	\$19.95
kitchen	204 153	\$45.95
butcher	204 152	\$49.95

Our Cambrian high carbon tool steels are top quality New Zealand manufacture. The rabbiter model has 15cm of sharpening length and incorporates a safety bar. The butcher steel has 30cm sharpening length and a white polypropylene handle with strong hanging ring. The kitchen steel has a black polypropylene handle with moulded-in hanging shackle.

### Steel Diamond

13cm	208 376	\$74.95
26cm	208 373	\$139.00
31cm	208 374	\$159.00

State of the art Ultimate Edge knife sharpening steel. Microcrystalline diamonds bonded with nickel to a lightweight oval-section steel shaft. This steel will both sharpen and realign your knife's edge at the same time, producing a near-perfect cutting edge. Dimension is sharpening blade length. Full sharpening instructions included.

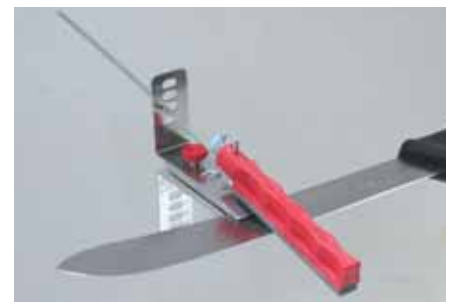

NB: The 10cm lightweight metal pouch converts to become a handle (as pictured).

### Lansky Mini Crock

cpt 204 147 \$35.95

Very simple to use sharpener for all knives, pocket knives, scissors etc. Special ceramic sharpening rods are not aggressive on blade, but shape the edge more like a steel action. Handy pocket size, 5cm square. Instructions for use on pack.

### Kit Lansky Standard

cpt 210 792 \$249.00

Lansky is a patented jig system which allows any knife to be sharpened at a choice of 4 angles with a selection of 3 grades of hone. This enables almost perfect blade preparation even by an inexperienced user. This kit uses regular oil stone hones. Lansky honing oil provided.

### Diamond Sharpener Paul Mitchel

27cm 213 721 \$265.00

The Paul Mitchel diamond sharpener is well known around the world. It is equally of use in the home for all sharpening jobs, and on the farm for knives and blades of all sorts. This sharpener is dual-ended. The fine-pointed end tapers from 6mm to 1mm diameter. The broad end is oval shaped, with sharpening surface all over, from 15mm to 10mm width. The fine-tapered end files the smallest of loops perfectly, and the broad end sharpens longer surfaces. Use a petroleum-based liquid lubricant (dip in kerosene) when using the sharpener, to keep it unclogged. Length 27cm o.a.

**PRICE REDUCED**

### Steel 25cm

202 017 ~~\$99.95~~ only \$89.95

Do you get frustrated trying to "steel" an edge on your favourite carving knife? No longer! Just a few touches with this fine steel and you will have the perfect edge. (Don't over do it!) Round 25cm diamond coated shaft with black plastic handle.
