

THERMOMETER....

Digital Indoor/Outdoor Economy

206 816 ~~\$22.95~~ only \$14.95

Our basic model remote digital is made to be wall mounted, but could be used as a hand-held device if desired. It has a front switch for 'inside', meaning ambient temperature. Also a back panel switch for °C or °F. Probe temperature range from -50°C to +50°C. Probe is on 3m of cable. Dimension 11cm x 7cm. Powered by one 'AA' battery (included).

Hygrometer Digital Indoor

210 535 \$38.95

Big screen with both temperature and humidity displays. Also time display. Press button for maximum and minimum display, and for °C or °F. Temperature range -50°C to +70°C. Humidity 10% to 99%. Powered by 1 x 'AAA' battery (included).

Thermometer Digital Indoor/Outdoor

212 736 \$42.95

Multi-screens show time and date along with indoor and outdoor temperatures. 2m extension lead for outdoor probe. Switchable Celcius/Fahrenheit. Recall of highest and lowest temperatures. Range -20°C to +50°C. Powered by one 'AA' battery (included). Full instructions included.

See our Dairy and other thermometers in *Milking* section.

Digital Indoor/Outdoor Premium

206 815 \$54.95

This multi-screen device is suitable for monitoring indoor and outdoor temperature and humidity at the same time, in Celsius or Fahrenheit. It also stores for recall the maximums and minimums for both temperature and humidity. Supplied with 3-metre long cable remote probe. Temperature range -40°C to +50°C. Dimensions 11cm high x 7cm wide x 22mm thick. Suitable for wall or desk mount. Powered by one 'AAA' battery (included). Easy to use. Full instructions included.

Soil Temperature Plastic

206 828 \$22.95

This quality thermometer is ideal for reading deeper soil temperatures. The sensing bulb can be buried up to 15cm, with the scale still visible. Sturdy green plastic case, with red top-knob for easy location in the garden. Capillary scale from 0 to 80°C. Length 32cm o.a.

Soil Temperature Metal

bi-level 206 825 \$26.95

Good strong instrument to leave in the field or garden. Metal shaft encasing two glass capillary thermometers. Bi-level incorporates two separate thermometers to give either soil plus air temperatures to 50°C, or deep-plus-shallow soil temperatures. Nickel plated finish. Length 30cm o.a.

Soil Temperature Digital

213 478 \$27.95

Handy fast-reading thermometer for obtaining soil temperatures. Celcius or Fahrenheit. Simple On/Off start button. Probe 13cm long. Supplied with probe-protector with pocket clip. Length 21cm o.a.

Capillary Outdoor Min/Max

206 807 \$18.95

Classic outdoor mercury thermometer with minimum and maximum pins in the capillary tubes. Pins are moved back to the mercury by operation of the central press button. A small fold-up 'roof' gives weather protection. Length is 23cm o.a.

Digital Short Probe

206 817 ~~\$25.95~~ only \$19.95

Very useful low-cost probe-type thermometer suitable for indoor or non-rigorous use. **Not water proof.** °C or °F. Simple on/off button. Memory function. Temperature range from -50°C to +125°C. Length 15cm o.a. Probe length 7cm.

Z-Scrub Deodorizing Soap

375ml gel 207 373 \$9.95

Many tasks around the farm or home can leave your hands with a lingering odour. After working on cows feet, or fixing effluent systems, your hands can smell for days. Z-Soap gets rid of the smell immediately. The natural zeolite in the soap absorbs the odour. Z-Scrub contains coconut-based soaps, natural zeolite and lemongrass oil essence.
