

## HENRIETTA....

### Pumice Soap

2-pack	210 521	\$5.25
12-pack	210 520	\$22.45

Great soap to use when cleaning up after milking, or especially after hoofcare, or other dirty jobs, to remove that ingrained dirt and odour. High amounts of natural oils mixed with pumice protect your skin at the same time as cleaning it. Vegetable base. No harsh additives. Lightly perfumed.

### Hand Repair Cream

600ml pot	210 265	\$22.45
-----------	---------	---------

A favourite with men and women, it can be used for dry skin anywhere on the body, but it is a real favourite for dairy farmers who suffer from cracked hands. Ideal to use after removing milking gloves.

### Natural Soap

goats milk each	210 940	\$4.35
organic honey each	210 944	\$4.35
seaweed each	210 943	\$4.35

Fine luxury bathroom soap with wonderful 'champagne' lather. Made in New Zealand with all-natural ingredients. Individually wrapped and boxed.

*Goats Milk* - contains palm kearnelate and palm oil with goats' milk. Goats' milk is rich in protein and contains many vitamins and minerals.

*Organic Honey* - contains Strathdale honey which is collected in the crisp, clean environment of Central Otago.

*Seaweed* - contains Bladderwrack which grows in the inter-tidal regions of New Zealand's rocky shoreline.

### Bath Soap

jasmine 4-pack	210 519	\$9.55
lavender 4-pack	210 990	\$9.55

Fine luxury bathroom soap with wonderful 'champagne' lather. Made in New Zealand with only finest natural ingredients, including honey, lanolin, sunflower oil, oatmeal, goats' milk and natural scented oils. Available in 4-packs only. These are for the home.

### Disinfectant Citrox 14W-Plus

1 litre concentrate	212 754	\$32.95
5 litre concentrate	212 755	\$112.00
20 litre concentrate	212 756	\$349.00

Citrox 14W-Plus is a totally natural and environmentally friendly, non-toxic and hypo-allergenic disinfectant. It eliminates 99.999% of harmful bacteria including rotavirus, and pathogens causing mastitis and footrot. 14W-Plus will kill viruses including feline calicivirus, FIV and avian influenza. Data is still pending regarding its efficacy against canine parvo virus. 14W-Plus is also effective against moulds and fungi. A contact time of only 2 minutes is required. 1 litre of concentrate makes at least 200 litres of solution. Use for any farm disinfection jobs, including calf pens and veterinary treatment areas.

### Disinfectant Citrox Organic PWT

500ml	213 330	\$19.95
1 litre	213 331	\$45.95
5 litre	213 332	\$159.00

PWT = Portable Water Treatment. Citrox can be used for treatment of water for human consumption, animal consumption or hydroponic growing systems, etc. For human consumption add Citrox PWT to the water source between 50ml and 100ml per 1,000 litres. For animal water supply add Citrox PWT at 200ml to 300ml per 1,000 litres. Citrox PWT is non-toxic and non-tainting. It is made primarily from citrus pulp, with addition of citric acid and glycerine, so it is certified organic BioGro 5126. It is classified as a food additive under FSANZ regulations, so it can be used on the surface of food products to eliminate bacteria without affecting the quality of the food. Citrox PWT is ideal for use when tramping, camping or hunting, to make any food or water supply safe.

### Soap Pure Vegetable Oil

each	211 046	\$3.95
------	---------	--------

Nothing in this but pure natural palm oil. This colouring-free, perfume-free soap is ideal for anyone suffering allergies. Leaves the skin feeling soft and supple. 90gm block.

## ON SPECIAL

### Disinfectant Varicide

1 litre bottle liquid	207 056	\$62.95
2 litre bottle liquid	207 059	\$109.00

Varicide has a wide range of uses in the home, on the farm, or in the vet clinic. It cleans, disinfects, deodorizes and protects. In the home use for washing walls, floors, benches, linen, nappies, toilets and sinks. Also use Varicide as a wound disinfectant for bites, grazes, tinea. Around the farm Varicide is the ideal general purpose cleaner and disinfectant for shearing equipment, wool sheds, calf feeders, calf pens, dairy premises, and controlling moulds and mildew in almost any industrial or commercial situation. Varicide mixed at 10ml per 4 litres of water, making a cost of around 9c/litre of ready-to-use product, by far the lowest cost on the market. Varicide is an ideal cleaner for general use around poultry farms and pig breeding establishments. Call our office for a copy of an informative Varicide brochure. Varicide is certified as GMP compliant for veterinary medicine manufacture.

### Hand Cleaner Sasonaturel

50ml foam pump	212 749	<del>\$8.95</del> \$5.95
300ml gel pump	212 751	<del>\$15.95</del> \$13.95
50/150ml twin pack*	212 750	<del>\$22.55</del> \$22.95

Sasonaturel contains a patented antiviral composition offering superior performance against human influenza A (flu) viruses, killing more than 99.99% of viruses in under one minute. Sasonaturel is more effective and longer lasting (up to four hours) compared to regular 70%-alcohol-based hand sanitisers. Sasonaturel is alcohol-free, and has been dermatologically proven as being suitable for sensitive skin. The formulation is made from natural ingredients extracted from fruit and plant sources. Sasonaturel was developed in UK primarily for use in the health and hospital sector. For further information refer to Citrox in the www.shoof.co.nz Library section.

\*Twin Pack contains 1 x 50ml foam pump plus 1 x 150ml gel pump.
