This machine features a well balanced grip, oak handles, steel frame, steel gears on nylon bearings, maple wood paddles. Supplied ready to use, complete with instructions for use. Replacement glass jar available.

## AIR GUARD....

### Konk Dispenser

complete kit 209 113 \$79.95

Air Guard gives a tiny puff of aerosol every 8 minutes to completely control all flies, ants, fleas, mosquitoes and cockroaches. It is so effective that just one unit is all that is required in an average 120sq.m home or workplace.

Air Guard will do this without using any powerful chemicals. The active ingredient is pyrethrum, which is a non-residual, 'household' type natural insecticide obtained from the chrysanthemum flower.

Air Guard has the following advantages: it is portable, can be turned off/on as required, great in food establishments, no effect on asthmatics or people prone to allergies. It's a deterrent as well as a killer. Ideal for homes, restaurants, offices, poultry sheds, piggeries, stables, green houses, etc. One month money-back "satisfaction" guarantee, wherever you buy Air Guard. Kit includes your first can of Konk.

### Konk

natural 350ml 200 062 \$22.95

odourless 350ml 200 063 \$15.95

**Konk Natural:** One month protection using only genuine natural pyrethrum, obtained from the chrysanthemum flower. Effective for domestic, commercial, or industrial fly and insect control.

**Konk Odourless:** Active ingredient is Allethrin, which is the manufactured equivalent of pyrethrum. It's a low intensity, 'household' type insect killer, effective for domestic, commercial, or industrial fly and insect control. One month protection per can.

### *ON SPECIAL*

### Odour Neutraliser

200 064 ~~\$16.95 only~~ \$9.95

For use only in Air Guard Konk Dispenser. Cool Breeze Odour Neutraliser is an organic odour neutraliser. It works by joining with odour molecules and neutralising them. Great for tobacco, pet, or cooking smells. Contents 350ml.

### Cool Breeze *ON SPECIAL*

200 056 ~~\$22.50 only~~ \$12.95

Cool Breeze is not just an odour neutraliser - it is an 'organic odour eliminator'. Where our standard air guard Odour Neutraliser has almost no smell, the Cool Breeze organic compounds have a most pleasant fragrance. Cool Breeze is a blend of 32 natural plant extracts, effective against almost all normal house odours, including: frying, cooking, mildew or must, smoke from cigarettes or cigars. Also effective against outdoor smells permeating the home. Cool Breeze technology encapsulates the offending odour molecules, rendering them odourless.

### GUARANTEES

Your Air Guard operation is guaranteed for seven years. Battery life is guaranteed for one year. We guarantee you are going to be pleased with it, by giving you a 30-day money-back trial period. (Refunded less value of aerosol used).

**Initial set comprises...**  
 One Air Guard dispenser and one can of Konk Natural insect killer.
