### Counter Hand Tally Electronic AST2

complete 211 099 \$24.95

Convenient lightweight well-priced electronic counter. Simple to operate. Plus and minus buttons. Night backlight option. Beep on/off option. Automatic off function after two hours - but with return to count number when reactivated. Battery can be replaced.

**PRICE REDUCED**

### Sheep/Goat Boot Davis

universal size 205 681 ~~\$48.95~~ \$39.95

Ideal for soaking or protecting damaged hooves of sheep, goats, dogs or other smaller animals. The upper web-strap and clip-type buckle enable good access and firm adjustment. Strong, flexible and re-useable polyvinyl material.

**Note:** Must be used with care. If left on the hoof for periods longer than 24 hours, boot may cause deterioration due to lack of air circulation.

### Fostering Oil Macwells

40ml 203 116 \$22.95

Macwells fostering oil has been around for many years, and is relied on by sheep breeders throughout New Zealand. The special oil formulation is highly concentrated. Squeeze just a few drops on the ewe's nose, and the lamb's head and tail. Keep ewe and lamb separate from other similarly treated pairs. Use to mother-up orphan lambs or lamb-less ewes. Bottle of 40ml. Use sparingly.

### Footrot Shears Aussie

211 967 \$22.95

Nicely made high-quality lightweight shears in stainless steel with soft grips in Australian colours. Wrist strap. Blades lock. Length 20cm o.a. Blade length 5cm.

### Footrot Shears Burgon & Ball

202 939 \$29.95

Special fine-blade snips from well known UK manufacturer, Burgon & Ball. Ideal for trimming feet of sheep and goats for footrot and other conditions. The fine blades allow accurate trimming between the claws. This tool is very sharp and will also have many other uses around home or farm. Comfortable-design handles, with safety strap, and easy-to-operate thumb-slide for blades lock. Length 19cm o.a. Blade length 5cm.

### Footrot Shears Net-Tex

202 938 \$49.95

From the UK, these are the nicest footrot shears we have seen. The tool is perfectly shaped, lightweight and compact. The handles are ergonomically friendly, with special non-slip rubber grip. The narrow jaws are designed especially for the small feet of lambs. The lock clip is easily thumb operated. All-in-all, a very nice tool. Length 19cm o.a. Blade length 4cm.

### Hand Shears Kamer 3.5"

24cm 203 521 \$24.95

Very nifty little shears, ideal for use on small animals, or trimming cows tails, etc. Blades 9cm long. Single bow. Slightly curved profile. Length 24cm o.a. Blades 9cm.

**PRICE REDUCED**

### Hand Shears Stainless Steel 5"

30cm 211 969 ~~\$22.95~~ \$14.95

These economy shears are stainless steel with wood handle grips. The wood grips are excellent to use in wet weather or with greasy hands. Dimension is length o.a. Blades 12cm long.

## HOOF SNIPS....

### Forged Steel

plain 203 634 \$49.95  
serrated 203 636 \$49.95

Top quality Italian-manufactured all steel snips specially developed for trimming toes of sheep and goats. Serrated or non-serrated jaw is a matter of preference. Goat breeding customers tell us these snips are very good value. Length 25cm o.a.

**PRICE REDUCED**

### Alloy Handles

plain 203 630 \$39.95  
serrated 203 631 ~~\$41.95~~ \$39.95

The handles on our deluxe hoof snips are of smooth powder-coated cast alloy, making them nice to hold. The blades are good and strong to prevent bending or weakening of their cutting tension. Length 23cm o.a.

**PRICE REDUCED**

### B&B TUS

plain 203 626 ~~\$84.95~~ \$72.95  
serrated 203 628 ~~\$89.95~~ \$79.95

As with TUS hand shears, these hoof snips are manufactured in UK by Burgon & Ball. That means they are top quality, and will stay sharp longer and last longer. We do offer lower cost snips, but these are the ones to use on really tough jobs like trimming goat feet. Serrated snips have serration on one blade, featuring Burgon & Ball's unique fully-sharp serration technique. Rockwell hardened blades. Replacement blades available. Length 23cm o.a.
