

PIG RING....

Nickel Plated 10-pack

208 998 \$31.95
Self-locking pig ring. Expected life 2-3 years. This is our standard quality pig ring. Size 41mm x 6mm o.d. Available pack of 10 only.

High Tensile

each 205 037 \$19.95
High quality pig ring for greater reliability, reduced infections and longer life. Made from corrosion-inhibited high-tensile steel, with polished finish. Size 37mm x 6mm o.d. Supplied each.

Applicator

economy 205 035 \$34.95
quality 205 036 \$159.00

Make pig ringing quick, easy and painless. The high quality applicator is manufactured by Aesculap of Germany, and is designed for inserting Nickel Plated and High Tensile rings. (Rings go between nostrils.) 26cm o.a. length.

Tail Docker Piglet Gas

complete 206 359 \$339.00
repl't op. cylinder 206 360 \$129.00
repl't blade assy 206 358 \$62.95

This is the item recent purchasers report: "Greatest thing since sliced bread. He didn't want it, but I do the tails - what an improvement!" etc. The Tail Docker is powered by ordinary lighter gas. It cauterises as it cuts off the tail, preventing bleeding and inherent risk of spread of disease. Quick, simple, painless and safe. Should do 120 tails per fill. A customer reports: "Gas tail docker is marvellous. Now I can do tails, teeth, and iron injection all in one round. No abscesses or bleeding - great."

ANIMAL WELFARE REQUIREMENT

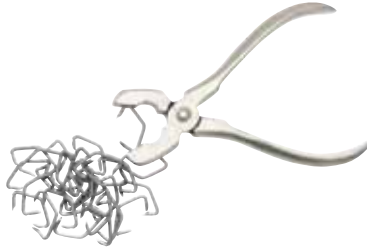

Tail docking must be carried out before seven days old, unless under veterinary supervision. Any tail docking must include complete severance of the tail in the one operation.

Anti-fight Liquid Pig Pax

liquid only 200 208 \$29.95
sprayer only 200 209 \$7.95
Prevents fighting and tail biting, especially when assembling pigs from different pens. Apply to rump and tail area. The foul taste means they only bite once! Apply liberally before transporting to slaughter, to prevent down-grades.

Note: Can also be useful as an anti-suckling spray for cattle and other animals.

Pig Nose Clips (Box of 100)

No.3 - 2.4 x 25mm 205 032 \$11.95
No.4 - 2.1 x 32mm 205 033 \$12.95
No.5 - 2.6 x 34mm 205 034 \$14.95
applicator 205 029 \$24.95

Low-cost, quick and effective way to control pigs digging. Use several around the top of the nose. These clips are made of corrosion-resistant steel wire. (Not zinc-plated). Dimensions are overall width before closing x thickness of wire. Boxes of 100 clips, all sizes.

Pig Nose Clips Copper

10-pack 208 946 \$10.95
100-pack 208 997 \$49.95

These 38mm x 2.5mm-thick copper nose clips are the ideal way to control pigs digging their way next door. Genuine UK-manufactured long-life clips. Use up to six around the top of the nose. Box of 100.
