### Poultry Netting

50m x 112cm	210 822	\$479.00
spare post only	210 823	\$14.95

Electrified poultry netting ensures safe and secure keeping of outdoor poultry. Eggs are safe. Predators, or over-inquisitive pets, are kept at bay. The netting is 112cm high x 50m long, and incorporates 11 horizontal electrified strands with strengthened top strand and non-electrified verticals and bottom strand. Electrification of all strands is by a combined loom at each end, complete with simple clips for attachment to any electrified fence wire. Fence lengths can easily be connected for longer runs. Each 50m long fence incorporates 15 plastic posts with steel dual-prong step-ins. Orange colour is highly visible. Spare top and bottom post-insulators are supplied. Extra posts available.

### Wild Birds Feeder

1kg	213 170	\$15.95
-----	---------	---------

Specially developed for encouragement of wild birds into your garden. The feeder is suspended by the adjustable-length nylon cord (supplied). The cover can be lifted up the cord to enable filling the 1-kg hopper. Wild birds will alight on the perch loops and feed, without feeling threatened. Cover diameter 25cm.
