

CLIPPER STEWART OSTER...

Clipping Machine

complete 201 565 \$999.00

This machine is ideal for really heavy clipping and grooming jobs. Clip all day with comfort and ease. Baffled fan keeps motor cool and handle comfortable for long jobs. Quick and easy blade tension adjustment. 3,000 strokes/min. Supplied with general purpose blade set. Optional blades available - surgical, thick plucking for 3/8" stubble, and fine tooth for show grooming. 240 volt.

Blade

standard bottom 201 404 \$79.95
surgical bottom 201 405 \$129.00
top blade 201 406 \$62.95

Clipper Arco Cordless Kit

1-speed 201 337 \$359.00
repl't blade 201 338 \$119.00

The Arco clipper is manufactured in Germany by Wahl. It is supplied complete with blade, two batteries and four combs - 3, 6, 9 and 12mm and desk-top recharger. When fully charged the battery provides approx 45 minutes clipping time and requires 45 minutes to recharge. The cutting height can be adjusted by movement of a lever under the cutting head. A very economical cordless clipper for surgical and light grooming duties. (Not suitable for TB testing or heavy grooming).

Clipper Pro-2 Cordless

set cpt 201 562 \$89.95
repl't blade 201 561 \$34.95

Excellent value small rechargeable clipper. Can also be operated on mains power. Ideal for small trimming jobs around ears or face of cattle, horses etc. Approx 40 mins operation from 5 hour charge. Supplied complete with two comb attachments for 3, 6, 9 and 12mm cuts.

Note: These are touch-up clippers only and not suitable for full grooming or heavy use such as clipping for freeze brands. Blade cannot be resharpened.

WAHL A5-STYLE BLADES

The Wahl A5 blades shown here fit only the Wahl clippers models supplied by Shoof. They will not fit other models of Wahl clippers.

CLIPPER ANDIS...

AGR Cordless

1-speed 201 332 \$745.00
extra battery 201 333 \$159.00

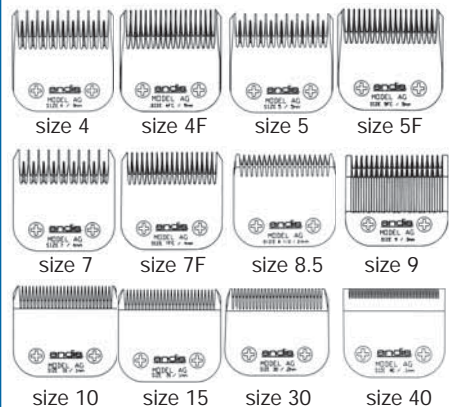

The Andis model AGR cordless is a powerful rechargeable clipper suitable for heavy-duty use. It will run for one hour on a fully charged battery, which recharges in one hour. Thus continuous clipping can be achieved with just one spare battery pack. All Oster and Wahl A5 blades fit this clipper as well as the Andis A5 range. Battery can be recharged without removing from clipper head. Batteries cannot be overcharged. LED lights indicate charge status. Supplied as a complete kit in a handy storage case including clipper, size 10 blade, battery, charger and lube oil.

Andis Cordpack

2-speed 201 326 \$425.00

The Andis model AGC2 is a quiet powerful clipper suitable for heavy-duty use. All Oster and Wahl A5 clipper blades fit this clipper, as well as the Andis range of blades below. Supplied complete with size 10 blade and a bottle of lube oil.
