Mini Micro Cordpack Kit

Varispeed 201 522 ~~\$899.00~~ \$599.00

The Mini-Micro is an amazingly small and lightweight clipper, that still produces a lot of power. It has a 12-volt Varispeed 1100 to 4500 rpm motor with a 5m cord and transformer to plug into a normal 240v power outlet. Weight is only 285gm (without blade). Length 18cm o.a. Supplied in a Pro-Case with size 10 Laube blade, extra lever and a set of clipper-user identifier badges.

Mini Lazor Cordpack Kit

Varispeed 210 404 \$849.00

The Mini Lazor is a bigger and more powerful clipper than the Mini Micro, but still smaller and lighter than the full size Laube 513 Cord-pack clipper. It has a varispeed 1100 to 5000 rpm motor with a 5m cord and transformer to plug into a normal 240v power outlet. Weight is 435gm (without blade). Length is 17cm o.a. Supplied in a Pro-Case with size 10 Laube blade, extra lever and a set of clipper-user identifier badges.

513 Cordpack Kit

Varispeed 209 752 \$825.00

We call this our "starter kit". It has the super efficient high quality Laube handpiece which is the same right up to our highest price kits. It has a 12-volt varispeed 1100 to 4500 rpm motor and a transformer which plugs into a normal 240v outlet. Supplied in a Pro-Case, with spare lever and size 10 A5-style blade. Later on purchase a Laube Cordless Battery Pack and Quick Charger and turn your 513 kit into the most versatile clipper around. Weight is 470gm (without blade). Length 19cm o.a.

Cordpack Varispeed

pack only 210 399 \$299.00

Adapt your Laube Cordless clipper to a Cord-pack 240v (power-cable) clipper when batteries are low. Varispeed control incorporated. Just remove Cordless power-pack and fit Cord-pack.

505 Cordless Kit

2-speed 201 456 ~~\$1,399.00~~ \$1,255.00

The 505 kit is the most popular Laube clipper, sold worldwide. It features the super-powerful 12v 2-speed 2000/4000 rpm Super Battery Pack, for up to 3 hours clipping on standard speed, or 1 hour on high speed. The Laube 240v Quick Charger (included) gives a new full charge in only one hour! Also supplied is a size 10 A5 blade, extra lever and Laube Pro-Case Grand.

CLIPPING TIME

Laube Battery Pack listings show continuous clipping time expected. Actually in-work it is most likely that true effective clipping time will be at least double quoted times (allowing for gaps in work).

Handpiece only

201 493 \$549.00

This beautifully engineered handpiece uses a hi-tech sealed ball-bearing 12v motor that runs cool and quiet from 1000 to 4000 rpm. It is the most powerful clipper of its kind, and also the quietest and coolest running. It is extremely lightweight and impact resistant. The sealed motor does not blow hair and debris in your face. Laube handpiece technology development means blades stay sharper and last longer than when used on other clippers.

Impact resistant plastic combs with stainless steel post-grip blade clamp. Made by Laube but will fit any A5-style snap-on clipper blades. Rocker-bottom combs allow the clipper to be rotated during the cut to produce different clip depths. Measurements listed are nominal cut depths. **NB:** Do not use blade coolant on combs.

Super Battery Pack

2-speed 201 543 \$449.00

The 2-speed 12v Super Battery Pack is quick-change with no tools required. It will recharge in one hour and will give three hours clipping on standard speed or one hour on high speed. Get a spare battery for non-stop clipping.

Quick Charger 240v

201 533 \$449.00

The Laube Quick Charger is a replacement part if required for your 505 Cordless Kit, or is an accessory to convert your 503 or 513 Cord Pack Kit to cordless use (along with a Super Battery Pack).
