

DOG WHISTLE....

ACME WHISTLES

British made ACME dog whistles are the world leader. They give reliable repeatable exact sounds that your dog will learn to accurately determine and respond to. ACME whistles are useful over exceptional distances. They are quality whistles.

Shepherd's ACME

each 202 172 \$7.45

OK, so you can buy cheaper plastic ones. The problem is often they don't work, and often the pitch is bad. These ACME whistles work, and your dog will respond correctly. Lanyard eyelet incorporated. Bite resistant.

Shepherd's Nickel-silver ACME

each 202 175 \$14.95

The premium shepherd's whistle. High quality nickel-silver manufacture. Insert in mouth, and manipulate with tongue. Produces widely varying and easily controlled range of pitches, whistles and commands. Ideal trials whistle.

PRICE REDUCED

Silent ACME

each 202 178 ~~\$84.95~~ \$79.95

Ultimate whistle for training and commanding both working and domestic dogs. Almost inaudible to the human ear, but clear to your dog up to one mile (1.6 km) away, even when there is a lot of ambient noise from traffic or other activities. This whistle also incorporates an adjustable frequency device giving a range of 7400 hertz. A locking screw secures it at your chosen frequency. This whistle was invented and pioneered by ACME in 1935, and now comes complete with a leaflet "How to Train Your Dog".

High Pitch

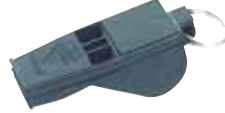

each 202 171 \$29.95

Standard high-pitch (211½) dog whistle with solid tone single frequency sound. Pea-less. ACME quality.

Ultra High Pitch

each 202 180 \$29.95
Produces very high frequency (210½) solid tone consistent sound. Pea-less. ACME quality.

Three Chamber (Referee Whistle)

each 202 179 \$13.95
This ACME whistle is pea-less and produces two very high frequency and one slightly lower frequency notes. This combination is most effective for both close-in, and distant work. Loud to human ears also. Length 25mm.

Shepherd's Economy

each 202 174 \$1.65
25-card \$1.35 each

Standard New Zealand manufactured plastic dog whistle, as used by Australasian sheep farmers for many years. Cheap enough to buy six at a time. Works great with a little practise. Lanyard eyelet.

Shepherd's Stainless

each 202 176 \$4.95

Get more accurate notes than with the cheapest plastic whistle. Still very low cost. Free lanyard eyelet. All stainless steel.

USING SHEPHERD'S WHISTLES

With whistle hole upwards put rolled edge in mouth, extended tips inside lips. Moving tongue underneath whistle controls and changes notes.

NB: For first-time users this can take a little practice to achieve.

Dog Boot Saxby (Pair)

medium 209 117 \$49.95
large 209 118 \$59.95

These boots are ideal for dry Australian conditions, especially where dogs are working on hard or stony ground. They also protect the paws from burr and thorns. The unique feature of the Saxby boot is the open design which allows the paw to breathe. (Sealing-up a paw in a boot leads to moisture build-up, further softening it.) The Saxby boot incorporates holes in the toe to locate over the two centre nails of the paw. This, along with the lace-up feature, ensures these boots stay in place in all conditions and work activities your dog may encounter. Sold as a pair only.

Dog Boot Buster

small 5.5cm 202 046 \$38.95
medium 7cm 202 045 \$38.95
large 9cm 202 044 \$38.95

This Velcro-closure boot features a rubber sole, resistant to abrasion. It can be used either for treatment of injuries, or for protection in low-risk conditions. Size dimension is sole length. Supplied as each.

PRICE REDUCED

Dog Boot Walkabout

size 1 S 6cm 202 050 ~~\$59.95~~ \$52.95
size 2 M 7cm 202 051 ~~\$69.95~~ \$59.95
size 3 ML 8cm 202 052 ~~\$89.95~~ \$69.95
size 4 L 9cm 202 053 ~~\$99.95~~ \$79.95

This protective slip-on boot is made from a soft moisture-absorbing inner material moulded over with a neoprene sole and toe. The boot is secured with simple Velcro closing straps. The Walkabout boot is ideal for wound management, or for protection against damage to the paw from stones, ice, or sharp material such as rubbish, glass, nails etc. Also gives good traction in wet conditions on hard surfaces. Size dimension is sole length. Supplied as each.
