

Tablet Introducer Buster

each 206 352 \$3.95
 This cunning device delivers the pill with a little water (sweetened if you like) to make sure the swallowing reflex is initiated.

Animal Catcher Snappy Snare

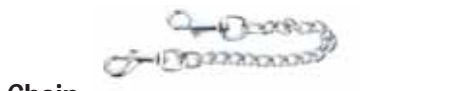

125cm 212 727 \$99.95
 For quick capture of frightened animals. Pull the noose back and hold with your thumb. Release your thumb and the noose will tighten instantly and safely around the animal. This device is intended for use on small animals and is not suitable for aggressive animals. (The inner core of the snappy snare can be broken if excessive flex is applied.) Rod length 125cm.

Dog Holder MDC

150cm 202 105 \$425.00
 UK company MDC specialises in animal handling equipment. Their new dog holders come into the 'quick release - anti-strangle' category. The quick-release mechanism is very useful and is operated by a pull-ring on the holder shaft. The anti-strangle feature is a pull-out tube at the end of the handle. When pulled the cable is released to enlarge the loop. After the loop is placed over the dog's head the cable is pulled through to secure the dog. The cable will not release without pulling the release-tube out. The MDC dog holder is well made with a heavy-duty aluminium pole and good hand grips. The cable is 6mm stainless steel with heavy plastic coating, and features a secure metal end-stop.

DOG UTE TETHER...

Chain
 40cm (16") 211 200 \$12.95
 Made from heavy duty galvanised 3.5mm induction-welded chain. Length 40cm o.a.

Double End
 202 169 \$14.95
 New laws require all dogs on vehicles to be securely tethered and "comfortably accommodated". Dogs can no longer have the run of the back of the truck or ute. Our tether features double swivel clips for comfort, ease and safety. Length 64cm o.a.

Universal
 210 667 \$16.95
 New rules mean your dog has to be secured on or in your vehicle. Our Universal Dog Tether has two clips joining to a central ring. One end can be secured around almost anything under 50cm circumference, and the other 30cm lead to your dog.

Vet Rope 5m & 9m
 5m 207 633 \$69.95
 9m 207 634 \$92.00
 Soft, safe, non-burning Vet-Rope. The best animal handling rope you can buy. Easily machine washed (cold water) and improves with every wash. Excellent lunging or throwing rope. Keep hidden when not in use. Length 5m and 9m o.a. with eye splices at both ends.

Bedding Fork Dura-pitch

small 26cm x 30cm 200 392 \$44.95
 large 30cm x 40cm 200 391 \$69.95
 Dura-pitch forks are light-weight but very strong polycarbonate, with wood handle. The deep basket design is ideal to get a better load, without fall-off on the sides. Many uses on the farm and around stables. Dimensions are the length and width of the basket.

Bedding Fork Unbreakable

200 393 \$129.00
 Great for removing droppings of any housed animals, stock at shows, stalled stock etc. Made of space-age poly material, almost impossible to break. Fork has 16 tines including special side tines. (Also pretty useful in the garden.) Aluminium handle. Weight only 1kg. Length 1.4m o.a.
