Worm Farm Wormaround

211 417 ~~\$259.00~~ \$199.00

Let worms do all your food and organic waste recycling in the Wormaround bin. Tiger worms (Eisenia Foetida) convert it all to compost, ideal for your garden or indoor plants. Wormaround operates efficiently in temperatures from 0-35°C. As well as the compost, the Wormaround creates leachate which is also a highly valuable plant food. This is drawn off through the lower tap. Dimensions: 65cm dia x 55cm high. Full instructions for use are supplied.
