

Water Filler Troughomatic

207 149 \$19.95

The Troughomatic water filler clips over any handy bowl, container or trough. The unique feature of this model is that it takes a standard water tap quick-fit 20mm hose coupling (Nylex, etc). This makes it ideal for garden and small block use where short-term connection may be most convenient. Water fills up in the container to shut off the float valve. Two water level settings, by adjusting brackets depth. Brackets opening to 50mm wall thickness.

Water Filler Stainless

207 148 \$47.95

Livestock-proof water valve to hang over the side of any suitable container or trough. Stainless steel body and brackets with plastic water valve components. Fitting for 15mm (1/2") water connection. Bracket opening to 52mm.

Water Bowl Suevia Plastic

complete 207 118 \$125.00

Modern engineering plastics outperform most other materials for good design and long service. This trough is made by Suevia in Germany, and is a high quality product which should last a lifetime of use. The float cover is stainless steel. The 15mm (1/2") float assembly can be fitted to left or right, and will work on any water pressure to up 5 bar (70 p.s.i.). This water bowl incorporates a drain, and is suitable for all animals, from pets to horses.

WATER BOWL....

Stockbrands Nylon

complete 207 105 \$99.95
 repl't float ass'y 207 108 \$48.95

This plastic bowl is mostly suited to smaller animals in less heavy-duty situations. The float cover is bolted down. Plastic is ideal for reducing injury to animals. Bowl is strong but can be damaged by large animals such as horses. Drain incorporated. Inlet left or right side. 1/2" BSP (15mm) fitting. Dimensions: 26cm L x 25cm W x 13cm D. Capacity 3 litres.

Farmhand Nylon

complete 214 022 \$79.95
