

## SCALE....

### Scale Hanging Digital Kamer

100kg	212 529	\$139.00
150kg	212 530	\$159.00

Kamer is a good quality brand from France. These hanging scales will stand up to heavy-duty use. Big digital numbers are easy to read. Measure in kg, lb or stone. Can be tared to weigh bulk or volume materials. Powered by two replaceable lithium batteries.

### Scale Hand-grip Digital Kamer

25kg	212 527	\$74.95
50kg	212 528	\$74.95

Kamer-brand hand-grip scales, also incorporating a 1m retracting tape measure. Big easy-to-read digital numbers. Weights in kg or lb. An interesting feature is a 'hold' ability, activated by pressing the Reset button. If this is done with the load on the scale, the user does not have to try to read the scale at the same time as holding a load upwards. Powered by one replaceable lithium battery.

**PRICE REDUCED**

### Scale Hand-grip Intell Digital 25kg

212 774	<del>\$199.00</del>	\$179.00
---------	---------------------	----------

This is a fully-functioned digital scale, with extra digital abilities including: save and recall of up to 5 weights; auto-tare function; kg and lb; ambient temperature and humidity; scale reading 'hold'; 1m tape measure incorporated. Powered by a 9v battery (included).

**New**

### Clockface Economy

10kg	213 418	\$49.95
25kg	213 417	\$49.95
50kg	213 416	\$49.95
100kg	213 415	\$49.95

Big clear dial and pointer. Alloy body with stainless hooks. Great scales for everyday use around home or farm. These are our 'economy' brand. Excellent value.

### Clock Face Quality

10kg	205 431	\$79.95
25kg	205 432	\$79.95
50kg	205 433	\$79.95
100kg	205 430	\$79.95
250kg*	211 817	\$255.00

Big clear dial and pointer. Alloy body and stainless hanger and hook. High-impact resistant polycarbonate dial cover. Every farm needs a set. Weigh calves, feed, seeds, fertiliser, chemicals, produce, etc. Scale faces read in pounds and kilograms. Replacement face covers available.

\*250kg scale has a heavier body and mechanism.

### Spring Balance

10kg (9cm)	205 427	\$12.95
25kg (13cm)	205 428	\$18.95
50kg (19cm)	205 429	\$22.95

Traditional-type brass face-plate spring-balance quality scales, made in Germany. Ring at top and hook at bottom. Dimensions in brackets above are the length of the brass face-plate.

### Hanging Digital Kamer 1000kg

complete	213 223	\$1,355.00
----------	---------	------------

This is a really heavy-duty scale, supplied by French company Kamer. It features big 30mm-tall bright digital numbers, easy to read from a good distance. Digital readout has compensation to cancel out shake or vibration. Weight display is almost instantaneous. This scale comes with a full suite of modern electronic features, including modes for low power consumption, 'sleep', large memory, tare options, recalls, etc. Heavy-duty swivelling snap-close load hook. A full instruction book is included. An excellent feature is the full-function remote control that will operate up to 20m distant. The scale is battery operated, recharged with a 220v transformer. Scale width 22cm.
